DR. JOHN BULL. SOMETHING NEW AND VALUABLE.

The most powerful King on the face of the globe now reigns supreme in the American Republic. The power of the crowned heads of Europe sink into insignificance when compared to our American King.

European kings employ the power vested in them to increase the riches of the rich and fordly, and to reduce to greater misery and degradation, the poor and dependent. Our American King goes forth with equal willingness to the lordly mansion and the humble cabin, ready alike to administer relief, and to offer health and happiness to the lofty and lowly, the rich and the poor. DR. JOHN BULL'S

GREAT AMERICAN KING Is the TENSH WONDER OF THE WORLD, and the greatest blessing ever offered to afflicted humanity; to the suffering millions, the Dector can say, relief is at your command. You have only to use this magical remedy. All those who still suffer, and will not accept the proferred Balm, deserve not the pity of their families.

This wonderful medicine, during the brief period sir cetts introduction, has carried happiness to the hearts of thousands, and made life a charm to many who bergen.

ence.
To the winds with all Liniments, Embrocations, Paln Killers, and Pain Extractors, and let millions of glad tongues proclaim the merits of the great "American King of Pain," a preparation composed solely of vegetables and roots, produced by America's own rich and instances.

king of Pain, a preparation composed solely of vegetables and roots, produced by America's own rich and bounteous soil.

We would ask the Lades, who are always competent judges of what is and what is not a valuable family meticine, to do us a special favor by giving the King of Pain a single trial, and if satisfactory, exert their influence in its behalf, recommend it, speak well and often of it, and see that it is used by their afflicted neighbors. The Ladies are always charitable, and when they induce their suffering friends to use this really valuable medicine, they will be doing an act of benevolence that they can well be proud of. This is a powerful and truly-magical remedy for all external discusses sores, swellings, burne, &c., and for many internal afflictions, it is a certain cury, yet it is perfectly harmless, and incapable of producing the least injurious effects in the most delicate cases or the weakest constitution.

It is entirely useless to follow the old and worn-out system of publishing to the public thousands of certificates of wonders performed by this medicine. It costs but twenty-five cents to try it, and Dr. Bull stakes his well-earned reputation on the King of Pain doing all and more than he claims for it.

We would ask have you the Rheumatism or Gout; these are not pleasant companions, and we know that you would like to drive them away as soon as possible, then use

"BULL'S KING OF PAIN."

"BULL'S KING OF PAIN."

Would you be cured almost immediately of Bowel Complaint, Dysentery, Summer Complaint, Cholera Morbus. Cranp Cholic, Head Ache, Tooth or any other ache or pain, the remedy is simple and the cure certain, USE THE GREAT KING OF PAIN. Would you have your Sores, Swellings, Cuts, Burns, calds, Bruises, or any other wounds healed, we repeat

MAGICAL KING OF PAIN. Would you be cured of Scald Head, Stiff Joints, Sore Proat, Neuralgia, Sore Breast, ambago, Tetter or Ring Worm, Salt Rheum, Bites of Poisonous Insects, Chapped Hands, and all other Sores, either Dry or Running, we my again and again, YOUR REMEDY IS Dr. John Bull's "KING OF PAIN."

Would you be cured of King's Evil, Cancer, Tumors, Eruptions, or any disease of the Skin caused by impure blood, then use Dr. John Bull's Sarsaparilla internally, and the King of Pain externally, nothing can be more certain than a speedy and effectual cure.

sondon Quarterly (Conservative.) The Edinburgh Review (Whig.)
North British Review (Free Church.)
The Westminster Review (Eiberal.) 5. Black wood's Edinburgh Magazine

The present critical state of European affairs will render these publications unusually interesting during the forthcoming year. They will occupy a middle ground between the hastily written news-items, crude speculations, and the flying rumors of the daily Journal, and the ponderous Tome of the future historian, written after the living interest and excitement of the great political events of the time shall have passed away. It is to these periodicals that readers must look for the only really intelligible and reliable history of current events, and as such, in addition to their well established literary, scientific, and theological character, we urge them upon the consideration of the reading public.

IT Parrangements are now permanently made for the receipt of EARLY SHEETS from the British Publishers, by which we are enabled to place ALL OUR REPRINTS in the hands of subscribers, apout as soon as they can be furnished with foreign copies. Although this involves a very large outlay on our part, we shall continue to furnish the Periodicals at the same low rate: as heretofore, viz:

Democratic State Convention. We are authorized to state that the Democrat e Central Committee, who have been requested to name the time and place for holding a Convention of the Democratic party of Kentucky, for the nomination of candidates for Governor and Lieut. Governor, and the transaction of other matters pertaining to politics, recommend to the party that they meet in State Convention at Frankfort, on the 15th day of March, 1855.

The Know-Nothing Candidates. It seems that the "special reporters" of the Louisville papers made a slight mistake in regard to the candidates nominated by the Bat Owl order assembled in that city on the 22d ult. A paper published in this city seems to thirk it all a hoax, and insimates that it alone knows all about it. By "putting this and that together," it thinks it has as good, if not better information upon the subject than any of the Louisville papers. How this may be we do not know; nor do we care. It makes but little difference to us whether their nominee for Governor be Judge Loving or Judge Robertson, or whether their candidate for Lieut. Governor be Mr. EDWARDS or Mr. HARDY. Neither of these not enough that the Convention shall perform gentlemen have the slightest chance of being its appropriate office of harmoniously nominaelected, unless it be for the office of staying at ting candidates for Governor and Lt. In that capacity they might serve their to oppose the isms of the present day, so that country with infinitely more credit than in the the delegates may separate, as they meet, with positions this new organization would seek to kind feelings for each other and the whole Dem-upholds. place them. Judge Robertson, if he be the ocratic family?-or must strife and contention man, as the other paper in our city would indi-enter into and distract our counsels, about a subcate, is the least popular of any prominent man in Ksntucky. He is a man of fine legal and literary attainments, but at the same time too much of an old fogy—too much one of the fossil remains of the old sand-stone era of politics to command even the votes of a majority of his

It cannot fore the Circuit and District Courts of the United States, for Kentucky will have to be held at Louisville, as most of the busines of such courts will arise in that part of the State, from its proximity to its great highway, the Ohio river. The bar of Louisville will require a courteous, dignified and reliable Circuit Judge. In the erson of Hon. Thomas B. Munroe, person of Hon. I homas B. Judge Monroe is held to be, all over the West, one of her most learned and profound jurists. His integrity is of the most incorrup-tible character, and his industry has long been a matter of public commendation. The snavity of his manners, and the patient investigation he gives every argument before him, has won the admiration of all who have had businss in the Court over which he now presides. Even those who had important cases decided against themselves by Judge Monroe, join in praise of his manner and conduct, so satisfied are they of his crupulous integrity-a rare thing with serupurous integrity—a rare thing with losing litigants—and a proud honor to the Judge himself. In looking over the Louisville Daily Courier a few days since, we noticed an article upon the subject of judge Monroe's appointment as Circuit Judge, by the President, which so well meets our views that we have the control of the course our views that we have the control of the course our views that we have the control of the course our views that we have the control of the course our views that we have the course our views that we have the control of the course our views that we have the control of the course our views that we have the control of the course our views that we have the course of the

The We call the attantion of our readers to the communication in our columns signed "A true Democrat." For the Yeoman. MASON COUNTY, KY., February 3d, 1855. COL. MAJOR-

I have observed, in resolutions passed by Democratic meetings in some of the counties, a disposition to have the Democratic Convention, which meets at Frankfort on the 15th of March, express its preference for a candidate for the Presidency in 1856. This should not be the protestant beginning to the protestant beginning to the table to pledge lives and fortunes and search honor; at length one spare, pale-faced man rose, and went and dipped the pen into the ink, and signed "Charles Carroll," and the presidency in the presidency ed by Democratic meetings in some of the counthe Presidency in 1856. This should not be done, for many reasons. In the first place it is unusual to express such preference so much in Virginia—a minority party, broken down at home and disorganized, because their associates home and disorganized at the North—they through the medium of State Conventions, and specially so when the President now in office is a Democrat. Gen. Pierce's term has not yet half expired, and it would certainly exhibit great expired, and it would certainly exhibit great careful contents of any democratic aspirant to press his claims formally and carnestly upon the State Convention at this time. It will be time enough when a Democratic State Convention shall meet, on the Market Convention shall meet, on the Market Convention of the Market Conventio the 8th of January, 1856, to appoint delegates to the National Conventiou and Presidential electors, for the Democracy of Kentucky to express their preference, if indeed it would even then be prudent to do so. But the main reason why such a preference should not now be expressed is that the harmony of the Democratic party would be better preserved by abstaining in the Convention from agitating such a question. The Democracy have new enemies to eucounter in the Democracy have new enemies to e the approaching Gubernatorial contest;-with union, concert and harmony of action we can succeed, as we did in 1851, but, with discord and divided counsels, we hazzard our success. Is it the opposition is generally conducted with entire

It is said, however, that he is the compromise candidate—that they could not agree upon a nomination of any of the greatlights of the new order. If this be true it speaks but little for the vaunted harmory of the Know-Nothings, and makes good the charge preferred against them, that trouble exists in their camp, and that, therefore, their organization must be short-lived. Of this fact we have not the slightest noubt.

The venerable Chancellor WARDLAW, writes from Baltimore, 15th April, 1854:

"Die J. C. Ayer—Sir: I have taken your Pills with great benefit, for the listlessness, languor, loss of appetite, and Bilious headache, which has of late years overtaken me in the spring. A few doses of your Pills cured me. I have used your Cherry Pectoral many years in my family for coughs and colds with unfailing success. You make medicines which cure, and I feel it a pleasure to commend you for the good you have done and are doing."

"Pa. R. R. Office, Philadelphia, Dec. 13, 1853.

"Sir: I take pleasure in adding my testimony to the efficacy of your medicines, having derived very material benefit from the use of both your Pectoral and Cathartic Pills. I am never without them in my family, nor shall I ever consent to be, while my means will procure them." The widely renowned S. S. STEVENS, M. D., of Wentworth, N. H., writes:

"Dn. J. C. Aven—Dear Sir: I have been afflicted from my birth with scrofula in its worst form, and now, after twenty years trial, and an untold of amount of suffering, have been completely cured in a few weeks by your Pills. With what feelings of rejoicing I write, can only be imagined when you realize what I have suffered, and how long.

how long. Never until now have I been free from this loathsome "Never until now have I been free from this loathsome disease in some shape. At times it attacked my eyes, and mado me almost blind, besides the unendurable pain; at others it settled in the scalp of my head, and destroyed my hair, and has kept me partly bald all my days; sometimes it came out in my face, and kept it for months a raw sore.

"About nine weeks ago I commenced taking your Cathartic Pills, and now an entirely free from the complaint. My eyes are well, my skin is fair, and my hair has commenced a healthy growth; all of which makes me feel already a new person.

CAPT. JOEL PRATT, of the ship Marion, writes from Hoston, 20th April, 1854:

"Your Pills have cured me from a bilious attack which arose from derangement of the Liver, which had become very serious. I had failed of any relief by my Physician, and from every remedy I could try, but a few doses of your Pills have completely restored me to health. I have given them to my children for worms, with the best effects. They were promptly cured. I recommended them to a friend for costiveness, which had troubled him for months; he told me in a few days they had cured him. You make the best medicine in the world, and I am free to say so." Read this from the distinguished Solicitor of the Supreme

Court, whose brilliant abilities have made him well known, not only in this but the neighboring States.

"New Orleans, 5th April, 1854.

"Sir: I have great satisfaction in assuring you that myself and family have been very much benefited by your medicines. My wife was cured two years since, of a severe and dangerous cough, by your Cherry Pectoral, and since then has enjoyed periect health, My children have several times been cured from attacks of the Influencia and Croup by it. It is an invaluable remedy for these complaints. Your Catharic Pills have entirely cured me from a dyspepsia and costiveness, which has grown upon me for some years,—indeed this cure is much more important, from the fact that I had failed to get relief from the best Physicians which this sections of the country affords, and from any of the numerous remedies I had taken.

"You seem to us, Doctor, like a providential blessing to our family, and you may well suppose we are not unmindful of it. Yours respectfully,

LEAVITT THAXTER."
